

## mAb Hu TSH Detecting, F(ab)'2, Purified Unconjugated

### PRODUCT SPECIFICATION

Cat # 5118817

Clone:	103B 2/7A3 1B7
Batch*:	[Batch dependent]
Size	[ $\geq 1$ mg]
Format:	F(ab)'2 Unconjugated, Liquid
Concentration:	[ $\geq 1$ mg/mL, Batch dependent]
Buffer:	BBS 0,1M pH 8,0
Preservative:	None
Purification:	Protein A affinity chromatography
Isotype:	IgG1 K
Immunogen:	Human recombinant TSH
Mouse / fusion partners:	Balb/c (Charles River)/ NSO
Specifications :	Recognizes natural and recombinant Human TSH, sub-epitope I b (1)
Applications:	Immunoassays
Storage:	-20°C
Expiry date:	[Batch dependent]

\* Only the figures before the last slash should be taken into account for the batch identification.
